APPLY SULPHUR TO HEAL UP YOUR SKIN

Broken Out Skin and Itching Eczema Helped Over Night.

For unsightly skin eruptions, rash or blotches on face, neck, arms or body, you do not have to wait for relief from torture or embarrassment. declares a noted skin specialist. Apply a little Mentho-Sulphur and improvement shows next day.

Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation. The moment you apply it healing begins. Only those who have had unsightly skin troubles can know the delight this Mentho-Sulphur brings. Even fiery, itching eczema is dried right up.

Get a small jar from any good druggist and use it like cold cream.

TWO LIQUOR CASES BEFORE COMMISSIONER

On Monday morning the place at 81 Franklin street, alleged to be owned by Patrick Carpool of this city was raided by Federal Prohibition Officer Machol of New London and 40 bottles, each containing a small amount of what is said to be liquor, were found and seized. Carpool was presented for hearing before U. S. Commissioner Mathewson later in the day. The case was continued until next month and Carpool was released under bonds of \$500 which were furnished for him.

Mrs. Sarah Kaplan of Mansfield, who was arrested on Saturday evening by Federal Prohibition Agents Congdon and Briggs, was presented before Commissioner Mathewson in this city on Monday. Sufficient evidence was found to hold Mrs. Kaplan for the U. S. district court and bonds were fixed at \$500 which were furnished. Mrs. Kaplan was represented by Attorney P. J. Danahy of Williamstown.

The officers in their raid found a 40-gallon still, 120 gallons of mash, 106 pounds of sugar, and 80 gallons of moonshine.

ATLANTA CHAPLAIN BYRNE DIES IN BOSTON HOSPITAL

Rev. Michael J. Byrne, 55, whose critical illness was announced in The Bulletin Monday, died at 5:30 o'clock Monday morning at Carney hospital, Boston, where he had been a patient for a number of weeks, that he might be near his son, James J. Byrne, who resides in Cambridge. With him at the law were his daughter, Miss Mary Byrne, his two sons, Dr. John F. Byrne and James J. Byrne, and two of his brothers, John F. and Andrew Byrne. His brother, James Byrne, arrived in New London from New York Monday evening.

Father Byrne was born in Norwich, Nov. 22, 1866, the son of the late Joseph and Mary Byrne. He was educated in the West Side schools and after leaving school was employed in local industries. In Norwich, Dec. 27, 1889, he was united in marriage with Miss Mary F. Scanlon, a native of Bridgewater, Mass. Rev. Gerald J. O'Connell performed the ceremony. After a time the family moved to Providence.

Three brothers mentioned, he leaves a sister, Mrs. William P. Butler, of Linden Park, Norwich. Father Byrne's father died Feb. 21, 1915, and his mother, who was a native of Albany and married there, died in 1885.

His body was brought to his native city for burial with his kin.

It was a great solace to Father Byrne that his daughter devoted herself to hospital work and that his son, Dr. John F. Byrne, served with the 32nd Div. U. S. Army of Occupation, across the Rhine. The other son, James J. Byrne, a manager of the First National Bank Company, in Boston.

Following the investigation he conducted with the assistance of Chief John Stanners of the New London fire department, City Manager Baskin finds on the evidence of five firemen, who were left outside of the building after the fire in New London Dec. 12, that the damage to plumbing was not done up to the time the firemen left the building and therefore cannot be blamed to them. His finding is accompanied by a report of Chief Stanners and one made on behalf of the five men by their leader and signed by them, which tells how the plumbing in the building was in good condition when they left by a door which was at that time unlocked.

The manager has seen the damage to the building and he proposes to follow up this investigation and see if he can learn who was responsible for the burning of radiators and damaging the plumbing.

FRONT WHEELS OF AUTO OFF WEST SIDE BRIDGE

About noon Monday an automobile owned and driven by Thomas C. Chase skidded on West Main street in front of the elevator building and crashed into the iron fence on the West Main street. The automobile was a 1920 Buick touring car. The driver, Mr. Chase, was driving from Washington square in West Main street when the front wheels of his auto stuck in the car tracks and the machine slid sideways until it hit the iron fence which was badly smashed. The machine stopped with the front wheels of the automobile hanging over the bridge. Neither the driver nor the person who was riding with him was injured. Temporary repairs were made to the broken bridge railing during the afternoon.

ADVISES SCHOOL BOARDS TO LOOK OUT FOR VACCINATION

The state board of health says in its weekly report:

As a result of the smallpox epidemic in Kansas City, Mo., in which epidemic approximately 100 persons are reported to have died (over 100 deaths have been reported), it has been found necessary by the health authorities to try to localize epidemics by stopping travel unless people are vaccinated.

Smallpox would not have become epidemic in Missouri if the people of the state had been vaccinated, but the outbreak followed when smallpox came in contact with unvaccinated people.

With three cases of smallpox in Bridgeport and a case in New London, school boards in Connecticut should do all in their power to carry out the provisions of the law which enables them to require the vaccination of school children before entering school.

ALLIEN'S FLYING SQUADRON INVESTIGATING TOBACCO TAX

Inventory of every cigar and tobacco factory in Connecticut to determine whether the government has been deprived of one of the taxes required to be paid was begun Saturday by a "flying squadron" of revenue men under Chief Deputy, Mr. Elihu A. Allen.

There are 200 such places in Connecticut paying an annual tax of about \$700 and Captain Allen's men made their beginning in Hartford.

About a dozen of the places are annually raided in Connecticut, but not nearly all of it goes into cigar and tobacco factories in this state. The revenue of the state is accounted for by the tax on cigars and tobacco.

Allen's flying squadron, which is composed of Allen and his men, is now in Hartford, checking up on the revenue of the state. It is to ascertain whether any discrepancies exist in any such places between the incoming and outgoing tobacco and to make it all check up on the revenue of the state.

It is to be found that a factory took in tobacco to the value of \$2,000, bought stamps for \$100 and now made in stamps for the remaining \$1,900 worth of tobacco, it

How to Darken Gray Hair

A Cincinnati Barber Tells How to Make a Remedy for Gray Hair.

A well-known resident of Cincinnati, Ohio, who has been a barber for more than forty years, recently made the following statement:

"Anyone can prepare a simple mixture at home, at very little cost, that will darken gray hair and make it soft and glossy. To a half-pint of water add 1 ounce bay rum, a small box of Harbo Compound and 1-4 ounce glycerine. These ingredients can be bought at any drug store at very little cost. Apply to the hair twice a week until the desired shade is obtained. The mixture can be used on the face and neck, and on the scalp, and it is easy to use, does not color the most delicate scalp, is not sticky or greasy and does not rub off."

ALL HIS LIFE HE SUFFERED

Until "Fruit-a-tives" Brought Perfect Health

49 ANDERSON ST., PORTLAND, MAINE.

"I was troubled with Constipation ever since I can remember. As a result, was subject to distressing Headaches and Pain in my left side."

I chanced to read about "Fruit-a-tives" in one of our local papers and began their use about four months ago. Since then, I have been free of Headaches, my bowels have been regular, and from the use of "Fruit-a-tives" (Fruit Laxative Tablets) I feel I have derived the greatest benefit."
